

# PIONEERING A NEW LEVEL OF SAFETY

## A planned job is a safe job.

Infrastructure. Utilities and broadband. Special events. Emergencies. They all require planning, crews and equipment. Statewide, an AWP Safety Company, delivers it all in one place. We have your back and are there for you any time, anywhere. It just takes one call.

## Why Statewide

### SAFETY

Our safety excellence improves your own safety performance and reduces your liability.

*Industry-leading safety record and team training helps keep your people safe.*

### COVERAGE

Our scale, expertise, technology and portfolio cover you from planning to execution.

*Emergency response: We have boots onsite within 2 hours.*

### SAVINGS

Using Statewide instead of in-house teams saves up to 50% due to greater efficiencies, compliance and quality control.

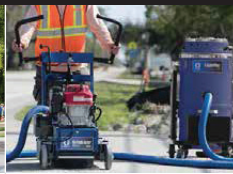

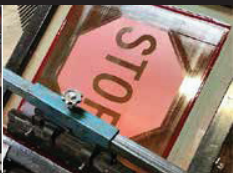

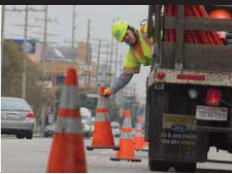

*We provide monthly customer scorecards with performance insights and metrics.*

### COMPLIANCE

We monitor and meet or exceed all regulatory requirements.

*We work on your behalf to build trust with government agencies for your future projects.*
